His presence at court both when shot at, when he accompanied the temple, and when Isha Kuma and Rajalak Kuma walked at his side was an extremely pleasant one.

This award is made for gallantry shown repeatedly (a) in the execution of the duties of the Indian Police Service and (b) in connection with the maintenance of law and order in India or elsewhere.

MADRAS COMMERCE REPORT FOR THE MONTH OF NOVEMBER 1938

The most important event of the month is the
signature of the Anglo-American Trade Agreement, and Japan has expressed
that this will lead to a revival of international
trade with all-round beneficial results. The month
of November was another period of rising tension
and uncertainty in the United States of
America and the American trade movement was
consequently retarded. World commodity markets were,
however, hesitant, and owing to the fall in the
specialised prices of the prices of primary products.

there is the danger that a fresh deteriorating movement may be started. If this is avoided, the process of consolidation in American wheat markets and a steady activity in business accompanied by increasing exportation of primary commodities may be seen, provided that there are no further shocks to confidence. On the whole November was a slightly better month for Madras commodities, exports exceeding by Rs. 17.73 lakhs as compared with the corresponding month of the previous year and values generally being well maintained. Heavy buying on the part of South Indian mills resulted in a purchasing of local cotton goods. Sales of Indian mill cloth were fairly heavy over Bombay and good clearances of stocks were recorded. Subsequently, the market ruled quiet though wholesale dealers began reflecting anxiety in anticipation of the Fungal and Chikungu seasons. There was a good demand for tanned hides and prices of light weights strengthened. Prices of tanned goat and tanned sheep skins were fairly steady, but whilst the tanned sheep skins market was rather uncertain, business in goats was better than in the previous month. There was a good demand for groundnuts during the month and prices were steady. The end of the month witnessing marked activity among dealers. Owing to fair Indian demand, the pepper market remained steady throughout the month. The Calcutta sugar market continued weak owing to lack of both European and Indian demand. The Calcutta and Ceylon raw yarn markets were generally steady. Coconut oil prices showed an upward tendency owing to scarcity of copra. The Madras sugar market reflected dull and quiet with no improvement in prices and demand was slack, the market, however, closed steady. There was a fair demand for locally manufactured acids and chemicals. Prices in the London oil sales were irregular and lower again on a reduced demand from buyers. The situation of affairs in London adversely influenced prices. Sellers predominated in the rubber market after the International Rubber Committee decided to fix the export quota at 20 per cent of the standard production for the first quarter of 1935. A substantial expansion in consumption will be necessary to absorb the fresh increase in supply.

COFFEES.

Business and prices were steady during the greater part of the month and towards the close there was marked activity among dealers and markets showed up owing to increased demand. The average wholesale prices of standard varieties at the main producing centres were as follows:—

| | Per cwt. of 56 lb. |
|-----------------------|---------------------------|
| 25th October 1934 .. | Rs. 18-0-0 to Rs. 21-3-0 |
| 25th November 1934 .. | Rs. 18-0-0 to Rs. 21-15-0 |

PEPPER AND RICE.

The market for paddy and rice was slow during the month with a satisfactory response. The average wholesale prices of standard varieties at the main producing centres were as follows:—

| | Per cwt. of 56 lb. |
|-----------------------|-------------------------|
| 25th October 1934 .. | Rs. 4-4-0 to Rs. 6-11-1 |
| 25th November 1934 .. | Rs. 4-0-0 to Rs. 5-0-0 |

INDIAN RICE PER BAG OF 112 LB.

| | |
|-----------------------|-------------------------|
| 25th October 1934 .. | Rs. 5-4-0 to Rs. 5-5-0 |
| 25th November 1934 .. | Rs. 5-4-0 to Rs. 5-10-0 |

EXPORT RICE—PER BAG OF 112 LB.

| | |
|-----------------------|-------------------------|
| 25th October 1934 .. | Rs. 5-0-0 to Rs. 5-10-0 |
| 25th November 1934 .. | Rs. 5-0-0 to Rs. 5-10-0 |

COBBA (PER CWT. OF 56 LB.)

| | |
|-----------------------|-------------------------|
| 25th October 1934 .. | Rs. 7-0-0 to Rs. 7-10-0 |
| 25th November 1934 .. | Rs. 7-0-0 to Rs. 7-10-0 |

COUNTRY PRODUCE.

Owing to good arrivals and low European demand, the market for Gujaraati mixed cow ghee weakened but closed steady. Owing to steady arrivals and fair European demand, the market for Calcutta ghee weakened but closed steady throughout the month. The Calcutta cow ghee market was strong as a result of Indian demand. There was a strong

demand for ghee of which there was a scarcity and the reported low coconut oil prices which showed an upward tendency.

CANES.

There was little improvement in world markets during November, but prices of local sugarcane rose considerably owing to the crop anticipatory activities of local milling crops, especially Chikungu. The same has failed in most other local and a smaller crop is in progress.

Crystalline—Crystalline and local mills showed a keen interest in the remaining oil crop jobs and prices gradually rose from about Rs. 140 to Rs. 160 at the end of the month.

Crude—Crude cane mills were eager buyers and drove up prices of best available Crude from Rs. 200 to Rs. 225 at the end of the month.

SUGAR.

The Madras market continued dull and quiet with no improvement in prices and demand was slack. Some of the wholesale dealers purchased small quantities of dry sugar in anticipation of a shortage of such sugar. About the middle of the month, the Government of United Provinces and Bihar announced the fixation of cane prices at Rs. 5-0 per musnad plus a cess of six pms per musnad. At the close of the month advice from Calcutta indicated higher prices for new crop sugar and the Bihar merchants purchased large quantities of best business sugar to cover their requirements for December. The market closed steady awaiting the Indian Sugar Syndicate's prices for new crop sugar. Madras prices of North Indian sugar ranged from Rs. 27 to Rs. 28-0-0 per bag of 50 lbs. net in December as compared with Rs. 25-0-0 to Rs. 26 during October. Most necessary supplies were steady but dull and closed firm with better activity on the part of dealers.

TANNED HIDE AND SKIN.

Tanned Hide—There was a good demand throughout November. Owing to the majority of parties settling in the market, averaging 7 1/2, and over, prices for light weights became firmer. Madras prices at the end of November were as follows:—

| | | |
|--------------------------|--------------------------|-------------------------|
| Prices for 56 lb. 154 .. | Prices for 56 lb. 154 .. | Cases for 56 lb. 154 .. |
|--------------------------|--------------------------|-------------------------|

Tanned goat skin—The tanned goat skin trade in November was weaker especially for 11 1/2 lb. skins and 13 1/4 lb. skins. Supplies have been forced to sell heavier without light. Light weight skins in better demand proved a slower market, but in the lower grades, business was better. Heavy weight prices (regarded from one to two cents per lb.) whereas light weights decreased in value. There was to be a considerable difference in prices between heavy and light, the light commanding a premium of sometimes 50 per cent over heavy, but there was no practically no difference at all. In fact, for a considerable number of years and light is not been possible to buy at equal prices for the better assortment, although light weight lower grades are still commanding one to two cents per lb. more than heavier weight lower grades. Therefore, in goat skins was certainly better than in the previous month.

Tanned sheep skin—The large increase in the number of skins shipped in November over October tended to weaken the tanned sheep skin market which was somewhat during the month, although prices did not weaken in any considerable degree. Large quantities of tanned sheep skins were selling very cheaply indeed, and in view of the increase in power type pits due to Japanese inactivity, the price of inferior qualities may go still lower.

Skins of tanned goat and tanned sheep skins are still small in Madras as goods which cannot be sold in a tanned form have continued to be forwarded to London.

Statements from Madras during November were as follows:—

of the Province of Madras.
Council

Under the proviso to rule 73 of the Madras ^{Assembly} ^{Council} Rules, the following Bill, together with the Statement of Objects and Reasons, is published for general information:—

A Bill further to amend the Madras Prevention of Adulteration Act, 1918, for a certain purpose.

since Act
1 of 1918.

WHEREAS it is expedient further to amend the Madras Prevention of Adulteration Act, 1918, for the purpose hereinafter appearing; It is hereby enacted as follows:—

1. This Act may be called the Madras Prevention of Adulteration (Amendment) Act, 1938.

1938

[1]

Amendment
of section 19,
Madras Act
LII of 1918.

2. For the proviso to section 19 of the Madras Prevention of Adulteration Act, 1918, the following proviso shall be substituted, namely:—

Madras
Act LII of 1918

" Provided that a prosecution in respect of an offence under section 6-A may be commenced at any time after the vendor gives notice of his intention to plead the warranty by way of defence under the first proviso to sub-section (2) of section 6 and before the expiry of three months from the date on which the prosecution against the vendor is finally disposed of."

STATEMENT OF OBJECTS AND REASONS.

Under the proviso to section 19 of the Madras Prevention of Adulteration Act, 1918 (Madras Act LII of 1918), as amended by Madras Act XIX of 1935, the prosecution of a person who wilfully gives a false warranty in respect of any food and thereby commits an offence under section 6-A of the Act, has to be commenced before the expiry of three months from the date on which a vendor of the food who has obtained it from such person gives notice of his intention to plead the warranty by way of defence—i.e. the first proviso to sub-section (2) of section 6. In many cases, for example, where the person who is alleged to have given the warranty denies having done so or its applicability to the goods sold by the vendor, it will be more convenient to institute the prosecution against the warrantor after the proceedings against the vendor finally terminate. But unless such proceedings terminate within three months from the date on which the vendor gives notice of his intention to plead a warranty defence, the prosecution of the warrantor will become barred under the proviso to section 19 as it now stands. The object of this Bill is to alter the proviso so as to extend the time within which the warrantor may be prosecuted, to three months from the date on which the proceedings against the vendor are finally disposed of.

BILL to be introduced in the Legislative Assembly
of the Province of Madras.

Under the proviso to rule 73 of the Madras Assembly Rules, the following Bill, together with the Statement of Objects and Reasons, is published for general information:—

A Bill further to amend the Madras Revenue Recovery Act, 1864, for a certain purpose.

Madras Act
II of 1934.

WHEREAS it is expedient further to amend the Madras Revenue Recovery Act, 1864, for the purpose herein-after appearing; It is hereby enacted as follows:—

1. This Act may be called the Madras Revenue Recovery (Amendment) Act, 1939.

Madras Act
II of 1934.

2. In section 52 of the Madras Revenue Recovery Act, 1864, after the words "and all causes lawfully imposed upon land", the words "and all sums due to the Provincial Government, including compensation for any loss or damage sustained by them in consequence of a breach of contract" shall be inserted.

Amendment
of section 52,
Madras Act
II of 1864.

STATEMENT OF OBJECTS AND REASONS.

Section 52 of the Madras Revenue Recovery Act, 1864 (Madras Act II of 1864), provides for the recovery of certain sums due to the Government as arrears of land revenue under the provisions of that Act. The section is however not comprehensive. It is doubtful whether it will cover rent due to Government under a lease of land executed by them. Even if such rent is held to be within the scope of the section, the loss sustained by the Government on a resale of the lease does not seem to be within its terms. It is clearly desirable to bring cases like the above within the scope of section 52, and the Bill gives effect to this object.
